

TWIN VIDEO

DUAL-LENS VIDEO CAMERA

CAPTURE YOUR WORLD...AND YOUR REACTION TO IT.

TWIN VIDEO is the world's first video recorder that allows you to capture both your world and your reaction to it. This revolutionary camera makes interviews, vlogs, and creating videos for YouTube and Facebook easy thanks to picture swap and zoom for professional-looking videos with no after-the-fact editing needed.

TWIN VIDEO captures front and rear video and audio feeds all in one handheld device. It records high-quality 640 x 480, 30 fps video onto a standard SD card.

Capture your world and your reaction to it with the world's only dual-lens video camera, TWIN VIDEO.
