**Have big fun, anytime, anyplace, with this powerful and colorful high-power loudspeaker system!**

Total PA Premier is a no-excuses all-in-one loudspeaker system that can cover a large area with powerful, articulate sound, but is easy to set up and flexible enough to handle a wide variety of inputs and auxiliary equipment.

Here is everything you need in a complete speaker system: A high-powered (500-watt) bi-amplified, equalized sound system driving a robust 15-inch woofer and 1-inch tweeter covers even the largest spaces with clear, vibrant sound, plus both the woofer and the woofer ports glow in multiple colors for exciting visuals.
